
Lower Green Placemaking Action Plan

Short Term Deliverables	Organisation Responsible for Implementation	Tasks Completed and Required Work So Far	Timescales
Improving Transportation and Safety Initiatives in Lower Green			
Explore opportunities with SCC to increase bus frequency and modify routes, improving access for Lower Green residents.	EBC/SCC	Surrey Connect will potentially be implemented across Elmbridge, which could increase bus access for Lower Green.	ongoing
Work with SCC to improve road maintenance and cycling facilities, promoting cycling and decreasing car use.	EBC/SCC	We are working collaboratively with SCC to implement the SCC Local Transport Plan, which outlines key policies related to active travel, personal mobility and public transport. The plan emphasises enhancing public transport journeys, promoting zero emissions and planning developments that aim to reduce car trips. Additionally, the SCC Local Street Improvements project includes Lower Green as part of the EL21 initiative.	ongoing
Improve Health and Wellbeing			
Collaborate with the Lower Green Community Centre to enhance current services and offer health and wellbeing programmes specifically designed for individuals who are socially isolated, have poor physical or mental health, are	EBC	The EBC Community Services survey has been conducted, and the results will be used to guide future consultations.	Ongoing

caregivers, or are facing challenges due to the rising cost of living.			
Improve communication and increase awareness of current and planned health and well-being activities and facilities in Lower Green.	EBC/SCC	Continue existing discussions.	
Improve Communication with Lower Green Residents			
Identify effective methods to communicate with the Lower Green community to keep them informed, such as notifying them that EBC has litter pickers available if needed.	EBC/SCC	Social media may not be the most effective communication channel for this group. It is important to agree on the best communication channels for the Lower Green community to receive key messages from both EBC and SCC. This will help them feel informed while collaborating with the Centre, school and other relevant organisations.	ongoing discussions
Improve the Local Environment			
Encourage PA Housing to develop their under-utilised sites and verges to increase the stock of smaller housing units.	EBC/PA	PA Housing is currently reviewing its development strategy and prioritising its land holdings. EBC will continue to meet with PA Housing for updates.	ongoing
Collaborate with PA Housing to implement enhancements in the local area.	EBC/PA	EBC will hold discussions with PA Housing.	ongoing

Short Term Deliverables	Organisation Responsible for Implementation	Tasks Completed and Required Work So Far	Timescales
Improve Safety			
Explore the installation of CCTV on PA Housing buildings.	EBC/PA	EBC will hold discussions with PA Housing.	ongoing
Initiate a targeted campaign to encourage residents to report any crime and ASB issues.	EBC	EBC to lead.	ongoing
Consider the opportunity to deploy mobile CCTV in Lower Green.	EBC	EBC to lead	ongoing
